

3 NIGHT LODGE-BASED
ARKABA WALK 2021

THE ARKABA WALK
Wild Bush Luxury

ABOUT

The Arkaba Walk is a Wild Bush Luxury experience in an iconic outback South Australian setting. By joining this fully hosted all-inclusive experience you're not only witnessing an environment in recovery, you're actively participating in its revival. You'll see and hear the results of active conservation as you walk through the landscape and meet the wildlife in the company of passionate field guides. Explore 60,000 acres of privately-owned and carefully protected outback with a maximum of ten walkers.

From dry creek beds, isolated waterholes lined with 1,000 year-old River Red gums to craggy ridge lines and rolling hills covered in cypress pines to the ancient ramparts of Wilpena Pound, this is some of the most stunning walking country in Australia. While everyone loves to have a comfortable bed and great food, it is the time spent with people on the ground that leaves a lasting impact. Of course, a really good glass of wine at the end of the day always helps! The true value of a Wild Bush Luxury experience on the Arkaba Walk is the vastness of space, the feeling of exclusivity and the opportunity to retreat into nature.

DAY ONE ARKABA CREEK

Arrive Arkaba by 8am to meet your field guides and walking group. A welcome breakfast will be accompanied with a briefing of the coming days highlights and will ensure you are sufficiently fueled and ready to explore. There's time to arrange your provided backpack with daily essentials, hydration packs and walking poles (if needed), before heading out to the glorious Arkaba Creek. Shady and picturesque, the creek is lined with time-honoured and rejuvenating River Red Gums, with plenty of opportunities to spot birds that commune in the canopy, including healthy populations of galahs, parrots and honeyeater species. The afternoon section of today's walk will cross increasingly diverse acacia flats, undulating hills and ancient alluvial soils as you edge closer to our very own Elder range and along open ridge tops, enjoying spectacular views of the surrounding ranges. A perfect spot to keep an eye out for Emus, Red Kangaroos and raptors while enjoying afternoon tea with a dramatic backdrop. The day finishes with a calf warming 3km climb over Arkaba Hill, ascending 100 vertical metres before descending 200m to the comfort of the Arkaba Homestead and a well-deserved pre-dinner tippie poolside or recline by the stone fireplace depending on the time of year.

Day 1 is approximately 13 – 15km, 5 – 6 hours

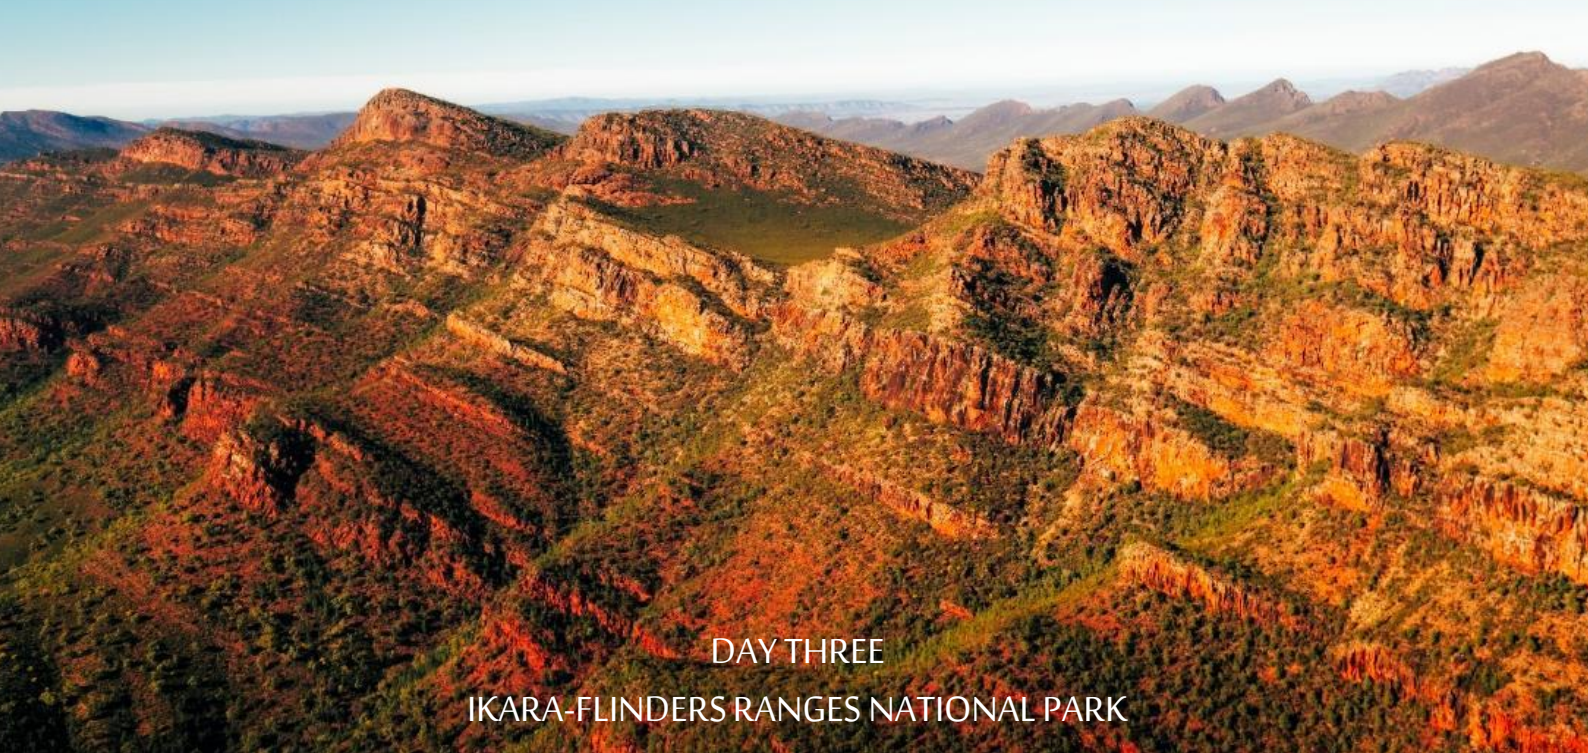

DAY TWO ARKABA CONSERVANCY

After breakfast you will begin walking to our historic Arkaba shearing shed before crossing undulating plains dotted with recovering acacia species, bullock bush and she-oak groves. Learn how Arkaba's conservation programs have benefited and encouraged a growing web of ecological networks that are essential to native recovery in the South Australia's Flinders Ranges. Look up and you'll see the diversity of the outback's wildlife in full view, with babblers, native pigeons, thornbills and Wedge-tailed Eagles all common sightings. The trail will pass some of the most reliable and permanent water points on the property providing year-round life support for kangaroos, parrots and emus.

Return to the Arkaba Homestead for a bush-inspired late lunch. Spend your afternoon relaxing, or perhaps partake in some of our optional activities such as a massage or a scenic flight over the ancient ramparts of Wilpena Pound. This evening enjoy a hosted feast and guided viewing of the Southern Hemisphere's clearest skies silhouetted against mountains half a billion(!) years in the making.

Day 2 is approximately 13 – 15km, 5 – 6 hours

DAY THREE IKARA-FLINDERS RANGES NATIONAL PARK

After an early breakfast you will head out for a drive into the breathtaking ranges and valleys of the Ikara-Flinders Ranges National Park. Along the way you will pass the natural amphitheatre of Wilpena Pound, the jewel in the crown of the Flinders Ranges. Upon reaching Bunyeroo Valley we'll walk the Wilcolo track through remote parts of the National Park with the incredible backdrop of Wilpena Pound, the ABC and Heysen Ranges along the way. See and learn about a millennia of history in the beautiful shale and sedimentary rock bands. Lunch will be packed from the Homestead to enjoy out in great South Australian nature today. A steady ascent leads you up onto the ABC range with the surrounding vistas and peaks being the inspiration for many a passing artist, including the famous Hans Heysen. Wildlife opportunities are diverse today and may include the Grey-fronted Honeyeater, Black Kites, shinglebacks and other small semi-arid dragon species. As you exit Bunyeroo Gorge, keep an eye out for arguably one of Australia's most beautiful Kangaroo species, the endemic Yellow-footed Rock-wallaby which is bouncing back from the brink of extinction.

Day 3 is approximately 10 – 12kms, 4 – 5 hours

DAY FOUR
ARKABA AT LEISURE

Enjoy a leisurely breakfast at the Arkaba Homestead and a few options to make the most of your morning. There is time for an optional scenic flight over the ancient ramparts of Wilpena Pound (we do recommend pre-booking this). Or you might like to retreat into nature from Arkaba's hide. Not only a place to see, but to watch wildlife and all the fascinating interactions that occur between species. We know you'll remember the beauty and scale of the outback Australian landscape; and then the knowledge and passion of Arkaba's field guides who immerse you in the stories that lie behind it. This is what really makes the Wild Bush Luxury experience at Arkaba so special. The Wild Bush Luxury team will bid farewell as you depart Arkaba by 11am check-out today.

THE ARKABA HOMESTEAD IS YOUR OASIS OF COMFORT
AT THE FOOT OF THE ELDER RANGE

Your three nights will be spent in the comfort of Arkaba's restored homestead, a member of Luxury Lodges of Australia, and an exclusive outback Australian experience. As the layout of the original homestead has been retained, each of the five homestead guestrooms has a character of its own and has been named after early settlers, explorers or property owners. Each has a private bathroom and opens out on a shaded verandah with views of the surrounding ranges. The décor has been hand-fashioned by wildlife artist, Rosie Woodford-Ganf. Bedheads are from recycled fence posts and fleeces, curtains tied back by gumnut tassels, lights are perched on explorers' tripod theodolites. The Arkaba Homestead retains a real sense of history and place. We unapologetically spare your room from noisy televisions and internet connections. We'd much rather share expansive views, ever-growing species checklists and binoculars so you won't miss a thing.

LOCAL ACCOMMODATION FOR YOUR PRE-WALK EVENING

If you are not staying at Arkaba Homestead, you will need to spend the night prior to your walk within driving distance of Arkaba. Rawnsley Park Station is 15 minutes' drive away. We recommend the Eco-Villas and can make a booking on your behalf. About 25 minutes' drive from Arkaba is Wilpena Pound Resort.

GROUP SIZE

Our lodge-based Arkaba Walk experience operates with a minimum 2 and maximum of 10 people. We would rather not run into loads of people when out and about on safari and so we dial up on wide open space and keep numbers to a privileged few.
