AIR CHARTERS & WEIGHT RESTRICTIONS

There is a general luggage weight restriction of 12kgs per passenger in soft-sided bags to fit in the aircraft luggage compartments at maximum capacity. This weight restriction is subject to the flight's overall payload restriction. So if your clients know they will be travelling with more, they can:

- Store it at their hotel
If your clients are staying in Adelaide the night before their charter flight, they would be able to store any excess luggage with the reception.
- Store it at Adelaide Airport
Adelaide Airport has self-service storage lockers located in the parking lot directly across from the main terminal. They have several sizes ranging from Small (420mm H x 900mm D x 420mm W) for \$12.00 per 24 hours to Large (864mm H x 900mm D x 420mm W) for \$16.00 per 24 hours.

Should they arrive with more than the approved luggage allowance, there may be a chance the operator will offload the excess. In this instance, it would be safely stored and delivered either to a hotel or Adelaide Airport before their onward flight at the cost of \$150. Please speak to the pilot and complete credit card authority on the day.

Although all care is taken, Arkaba does not accept responsibility for any expense incurred by a passenger due to any delay, alteration or mechanical failure with a charter aircraft.

Please be sure to advise us of any flight changes (timings, flight numbers etc) and be sure to check that your final reconfirmation has the details correctly noted. Wild Bush Luxury and Arkaba will not be responsible for transfers, accommodation, touring, or any travel arrangements affected.
